Treasurer's Report 2018/19

The club continues to remain in a healthy financial state with a current balance of £50,953.14 an increase of £9.2k on last years, although this is a nice profit we should be aware it is a drop of almost £7k on last years this is all down to a fall of 1k membership subs no grant from a Councillor as yet, and a massive increase in Track Hire costs and subsidised Club events.

Moving forward and with the track being handed back to the school I feel that we should be in discussion with the School to get some idea of their pricing structure as I can envisage a massive hike in costs that may just price us out so consultation is of paramount importance now so we can budget for all eventualities
Other than this we have no money worries and can continue to provide affordable athletics for all in our club

Finally all things said we must be the envy of a lot of clubs in Nottinghamshire and beyond, with our success on and off the track and fabulous camaraderie we have as a club.
